

DID YOU KNOW?

Today, drivers have more options than ever. With more plug-in electric vehicles on the market each year, decreasing prices, and improvements in battery range technology, there is no better time to drive an electric vehicle.

#driveelectricflorida

VISION

Advance the energy, economic, and environmental security of the state of Florida by promoting the growth of electric vehicle ownership and accompanying infrastructure.

MISSION

Support and accelerate the adoption of plug-in electric vehicles in Florida by engaging and educating the public, businesses, and policy-makers; facilitating collaboration; and supporting EV-friendly policy and programs.

PLUG-IN OPTIONS

PEV:

Plug-in Electric Vehicles get all or part of their power from the electric grid and include BEVs, EREVs and PHEVs.

BEV:

Battery Electric Vehicles run entirely on electric grid-charged batteries.

EREV:

Extended Range Electric Vehicles operate on a battery until it is fully discharged and then a gas engine powers an electric generator for several hundred additional miles of "extended range" driving.

PHEV:

Plug-in Hybrid Electric Vehicles have batteries that recharge from the electric grid and also contain internal combustion engines fueled by gasoline.

WHY YOUR NEXT CAR SHOULD BE AN EV

Put Money Back in Your Pocket

Fewer moving parts means less maintenance and repairs than gasoline vehicles, saving you money to spend on the things that matter most to you.

Fuel Up the American Way

Help reduce foreign oil consumption by switching to vehicles fueled by electricity, which is made from largely domestic sources of energy.

Help Preserve Florida's Natural Beauty

Going electric helps preserve Florida's environment now and for the future.

Enjoy the Ultimate Convenience

Fuel your car at the most convenient place of all – your home! Plus, spend less time on regularly scheduled maintenance visits, and more time doing what you enjoy.

Be an Innovator

Lead the way, showcasing the latest in EV technologies with a quick, smooth and quiet ride, advanced displays and sophisticated vehicle applications.
